We still have some room in our classes, so come on in and check it out. You are always welcome to sign up during the session.

It is a proven fact that children are more focused and learn more efficiently when in a concentrated learning environment. This holds true in the gymnastics world as well. We are so fortunate to have our gym set up for just that learning style.

Our beam area, over 315 sq. feet, is large enough to accommodate 23 beams of various sizes, textures, and colors. Our bar area is separate allowing for uneven bars, star bars, multiple sizes of parallel bars, and preschool bars. This allows our floor area to remain floor without obstacles and distractions. Staying on task, working on one skill at a time helps children focus and retain information, a great life skill that will help them beyond our doors.

“Attention is the focus of consciousness. Attention increases efficiency. Attention improves sensory discrimination. Attention is useful for acquisition of skill. Lastly, attention is helpful for remembering.” Jay Prakash

Come join us for a spooky Halloween afternoon with a larger than ever haunted path, snacks, crafts, scarecrow making, scavenger hunt and more, more and more! \$10 / child / registered student and \$12 / child / non.

Birthday Parties are now booking into November! Give us a call to reserve your spot on the calendar. We have many options to choose from with a wide range of costs. Our Nerf parties are still the best in town! As always, we set up, clean up, and manage the entire party time so you can relax, take pictures, chat with friends and family and enjoy the moment with no stress.

Reminders to Students

Hi kids! Please remember to use the bathroom in advance of class time, and have hair tied up and ready to go. This will keep us all on task and focused on our gym skills.

Reminders to Parents

Please make sure to sign all children in at the front desk upon arrival. Phone numbers allow us quick contact if need be and letting us know who they are going home with provides us with the necessary permission to ensure they are safe.
